The accounting policies with regard to presentation and disclosures are in accordance with the financial reporting requirements included in Part 9 of Book 2, of the Dutch Civil Code. The principles of valuation and determination of results stated in connection with the consolidated balance sheet and profit and loss account are also applicable to the parent company balance sheet and profit and loss account with the exception of Investments in group companies and investments in associates which are initially recognised at cost and subsequently accounted for using the equity method of accounting.

Changes in balance sheet values due to changes in the Revaluation reserve of the associates are reflected in the Share of associates reserve, which forms part of Shareholders' equity. Changes in balance sheet values due to the results of these associates, accounted for in accordance with ING Group accounting policies, are included in the profit and loss account. Other changes in the balance sheet value of these associates, other than those due to changes in share capital, are included in Share of associates reserve in Other reserves.

A statutory reserve is carried at an amount equal to the share in the results of associates since their first inclusion at net asset value less the amount of profit distributions to which rights have accrued in the interim. Profit distributions which can be repatriated to the Netherlands without restriction are likewise deducted from the Share of associates reserve.
